 Innovarum

Who are we

Innovarum is a Spanish SME specialized in helping entities from the agri-food sector and the bioeconomy access European funding. Our team is composed by agricultural engineers and PhDs with a wide background in Horizon 2020 projects submission and management as well as by business and marketing professionals. We are currently a team of 7 people based in Madrid.

Innovarum is an innovation agent and an active Dissemination & Communication partner, with successful experiences across various projects in the bioeconomy.

Successful projects (Sept 2020)

- 6 EIC Accelerator / SME Instrument Phase 2
- 6 Collaborative projects (4 H2020, 2 BBI).
- 1 LIFE project with 5 partners
- 2 EMFF DEMO Project with 4 partners
- 3 Fast Track to Innovation with 4 partners each

In addition: FIWARE, Activatte, CAPINFO...

Study on the participation of the Agricultural Sector in the BBI JU: [link](#).

Some examples

BioFruitNET. H2020-CSA “Thematic network” aim is to build a network for EU organic fruit farmers to foster key knowledge transfer. 16 partners, 3 years, coordinated by Naturland (DE). [ESR: 15/15](#)
